### COMMITTEE OF WISE MEN

---

The main task of the Committee of Wise Men is to help the competitors not to commit any infractions, as long as they comply with the competition rules.

1. The official Committee of Wise Men in both the Ladies and Gent's Hairdressing Section is composed of all the Competition Directors present. If not enough official Competition Directors are present, the OMC Global Director or the General Commissioners may appoint knowledgeable people to carry out the tasks of the Wise Men.
2. Before the competition starts, the Wise Men will go to the floor as a group to check the models. They will see if the competitors have abided by the competition rules. If any infraction is found, penalty points will be given to the competitor by marking the mirror number on the penalty chart, the letter of the infraction committed, and the amount of penalty points.
3. When the competition starts, the Wise Men will separate and observe the competition individually. If they see a competitor commit an infraction, they will record on paper the competitor's mirror number and the infraction that occurred. They will then give it to the General Commissioner who will discuss it with the Wise Men as a group and a decision will be reached.
4. All decisions made by the Committee of Wise Men, such as the penalty point list, will be signed by all members of the Committee of Wise Men personally. All members of the Committee of Wise Men will receive a photocopy for double-checking purposes. The General Commissioner then forwards the official list to the computer staff in a wax-sealed envelope. When the jury lists are first processed into the computer, the Wise Men's envelope is opened and also entered into the computer, if any penalty points have occurred.
5. The Committee of Wise Men must record the penalty points by taking a photo of the infraction. The photo is a sustainable proof of the infraction (except for the stop instruction). If no photo of the infraction was made, no proof is available, therefore the infraction cannot be penalized.
